

MATERIALS

1. Insulator: High temperature thermoplastic UL94V-0, (BLACK LCP)
2. Pho. Bronze: Plating,
3. Stainless steel : Thickness, 0.15mm; gold(3-8U") over nickel (50-80U") Nickel plated(50-80U")

SPECIFICATION

1. Current rating: 0.5 AMP.
2. Dielectric withstandng voltage: 250V AC R.M.S. for one minute.
3. Insulation resistance: 500M Ω min at 250V AC.
4. Contact resistance: 50m ohms max.
5. Operating temperature: -40°C to +105°C.
6. Durability: 5000 cycles.
7. MAX. processing temp: 260°C for 30 seconds
